

PRECISION MEDICINE IN AUTISM - RESEARCH PROGRAM

PRISMA STUDY

We are enrolling children and adults who have had diagnostic genetic testing that showed a deletion or a duplication in chromosome 17q12 into a research study to understand how genetics can impact their healthcare

To participate, contact Dr. Daniel Moreno De Luca or the PRISMA research staff at 401 432 1583 or prisma@lifespan.org

Lifespan

Delivering health with care.
